

The Bioethics Committee held its meeting today in a seminar format open to public participation. The aim of this “extended meeting” is to discuss the ethical dimensions of the 2030 Agenda for Sustainable Development and to raise awareness on this topic. Ethical dimension of 2030 Sustainable Development Agenda was discussed from different perspectives around five presentations.

Students and academicians from METU Graduate School of Informatics, Ankara University Faculty of Science, Hacettepe University Department of History of Medicine and Medical Ethics, and members of public society and private sector participated in the meeting.
